

Deco-Chem Ink News

Color Match Sublimation Conductive Inks Clears Dry Erase Dome Dam MetaBond Bake Glass Inks

Over the years, Deco-Chem has gained the reputation as a specialty inks manufacturer. It is true that we will consider just about any credible project. Many people may not know that we carry standard line products, both for screen printing and for flexo. We also have formulas for thousands of specialty products that might meet your current needs. If you would like to learn more, please call and ask for Matt Doorn, Dwight Davis, or myself, Brent Davis. 888-DECO INK (332-6465)

Brent Davis, Vice President

Screen print onto metal or glass, and then apply your transfers.

Conductive Inks

If you are considering using conductive inks or coatings for RFID (or other electronically conductive applications) we would like to hear from you! Ask for Dwight....

1-888-DECO INK

Dry Erase Clear

For printing on heat tolerant surfaces such as glass and metal.

Holds up to thousands of erasures.

As a one part system, it has an indefinite shelf life.

We have a dynamite screen wash that has a pleasant smell and is quick drying—with effective wicking.

2032 Bubble Breaker works very well in most conventional inks.

Our 3102 GlosKil is a liquid flattener that keeps your ink room dust free!

Our 2777 Print Sharp gives you that sharp line and helps flow and leveling.

Urethane Dome

This graphic represents the creation of a urethane dome by the use of a UV Curable low image DOME DAM. Screen printing a small border will contain the popular two part urethanes. Our version is D-10425.

MetaBond

METABOND is our standard line polyester bake system. It is quick curing, easy to print, and has excellent outdoor durability. It is now available in our new color blending system, which consists of basic color concentrates and a let down clear. We will match and mix your colors, or you can do it yourself with the 12 basic colorants.

JUST DEVELOPED

SCO-10638: Mar Resistant and Extensible Baking White for Appliances.

CSS-10644: Signage Top Coat Clear with Excellent Durability and Economy.

Ali will send you a summary of all of the products listed in this newsletter. Just phone her at: 888-DECO INK (332-6465) Ask for February Summary
